

REMARKS/ARGUMENTS

Applicant respectfully request that the incorrect title on the cover of the Notice of Allowance, and in the USPTO's records for the present application, be corrected. The error appears to be on the part of the USPTO, because Applicants have not requested amendment to the title throughout the prosecution of the present application.

The correct title of the present application reads as follows:
NOVEL ACTIN-RELATED CYTOSKELETAL PROTEIN "LACS"

The correct title is reflected in the application data sheet, the application as filed, and on the cover pages of all correspondence with the USPTO for the present application.

CONCLUSION

Entry of this amendment is respectfully urged since it merely cures a formal defect in one of the claims and does not touch the merits.

Respectfully submitted,

Jennifer L. Wahlsten
